Find the Value in Your Home™

We are proud to partner with Pearl Certification, a national firm that provides independent certification of high performing homes. As a benefit to our clients, Energy Check certifies all of our qualifying improvement projects through Pearl. We know that our work adds value to your home in many ways, but we also understand the practical value of certification.

*On average,
Pearl Certified homes
sell for 5% more,
a value we want to
assure our clients receive.*

comfort & efficiency

Every house has its personality - but there are steps you can take to optimize your comfort and efficiency year-round.

"We've noticed a huge difference in our comfort levels...the interior temperature stays very constant even during very cold/hot days."

-John, Blacksburg

Using our systemic approach allows us to provide prioritized solutions, based on current building science practices, that guide you to effectively make the changes that are important to you.

- ✓ Eliminate drafts
- ✓ Balance Air Distribution
- ✓ Control Temperature
- ✓ Eliminate Cold Floors
- ✓ Optimize Duct System
- ✓ Improve HVAC Performance
- ✓ Remediate Hot Rooms

health & safety

The health of the occupants of the homes we service is our number one priority.

- ✓ Eliminate Carbon Monoxide Leaks
- ✓ Improve Air Quality
- ✓ Reduce Dust & Allergens
- ✓ Raise Awareness of Home Health Issues
- ✓ Radon Testing and Mitigation
- ✓ Find & Fix Moisture or Mold Issues

the value of expertise

Our entire team respects that your home is your investment. Our extensive training and adherence to BPI standards ensures that we protect, enhance and add value to your investment.

Addressing the symptom of an issue in your home without knowing the cause can create or worsen a problem.

Strengthened by our partners:
